The most compact & lightest[†], low-level podium in the UK.

Designed and manufactured in the UK, the **BoSS QuickPod Podium** combines simplicity with safety – perfect for low-level height work. With pivoting stabilisers and an integral ladder for easy access to the platform, this lightweight, sturdy unit provides ultimate 360° safety with its auto-closing safety gate and guardrail.

Its compact footprint ensures comfortable use in confined spaces, while the durable aluminium construction guarantees long-lasting performance.

[†]QuickPod 1000 compared against top two market leaders in the UK; compactness = l + w + h (when folded), lightest = overall product weight.
