

Lightweight Height Safety Helmet with Superior Comfort and Protection (397g)

Ultra-Lightweight Design: This helmet boasts the title of lightest height safety helmet available, weighing only 397 grams for maximized comfort during extended wear.

Enhanced Ventilation: Equipped with 10 strategically placed vents, this helmet offers excellent airflow to keep you cool and comfortable on the job.

Adjustable & Secure Fit: The 4-point chin strap with a quick-turn adjuster ensures a secure and comfortable fit, minimizing the risk of losing the helmet during a fall. The adjustable headlock buckle with PA webbing further enhances stability, while the washable pads provide lasting comfort.

Advanced Impact Protection: The helmet's high-quality ABS+PP shell delivers superior shock resistance. Internal Moulded Technology ensures even distribution of force upon impact, maximizing head protection.

Multiple Customization Options: The helmet features side slots for mounting hearing protection and four clips for attaching a headlamp with an elastic headband. Additionally, personalization is available to add your logo or company details.

Conforms to Safety Standards: This helmet meets the EN12492 and EN397 Industrial Standards for both shock and penetration protection.

Multiple Colors: Available in a wide range of colors including Red, Yellow, Blue, Black, Orange, White, and Green to suit your preference.

Adjustable Head Circumference: Fits head circumferences ranging from 51-62cm.
