

# B610 Medium Duty Hanger (Long Leg)

The B610 is a 1.5mm thick galvanised medium duty joist hanger with 50mm wide legs, suitable for solid joist or I-Beam applications, either face fixed or wrapped over supporting joists. For loft conversion applications where the hanger extends below the supporting beam, a maximum drop of 75mm is recommended. Design features a location tab on the hanger base, designed to allow quick and accurate alignment of the hanger. Produced from galvanised steel to BS EN 10346 DX51D + G275 as standard, or stainless steel available to order. Galvanised hangers must be fixed using 30mm x 3.75mm sherardised square twisted nails in all pre-punched holes.

## Product

### B610

Features:

- Quick and easy to install
- Thin profile No notching required
- Can be dropped by a maximum of **75mm**

Fixings:

- 3.35 x 30mm sherardised square twist nail

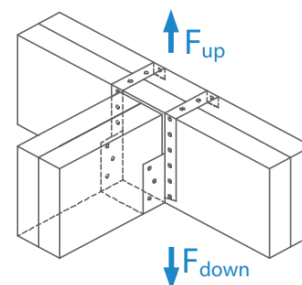

Approvals:

- CE Marked
- UKCA Marked

Packaging:

- Box Quantities of 10
