

Masonry to Masonry Wall Ties

These products act to secure two leaves of a cavity wall to each other, allowing them to act as one structurally. A cavitytie usually incorporates some mechanism, (usually a change of shape) to discourage moisture moving across the tie. Most cavity ties are available with a dedicated clip to secure insulation (usually in sheet form) within the cavity.

Product

Eco-Clip

Universal insulation retaining clip made using less plastic than previous V23 insulation retaining clip for reduced environmental impact.

Product Code:	Sizes:	Units:
ECO-CLIP	80mm DIA	250 bag
ECO-CLIP-50BAG	80mm DIA	50 bag
