

PROGUARD DURAMATT MEDIUM DUTY GROUND MAT

Product Code	Pricing Unit	Colour	Dimensions	Thickness	Pack Quantity	Pallet Quantity
PGM3	Each	Grey	1.1M X 2.4M	10mm	1	90

Product Description:

Duramatt Ground Mats are manufactured from 100% recycled LDPE and weighs just 32kg per mat. Duramatt is ideal for short- and long-term projects and can be used in a variety of applications.

Duramatt can take weights of up to 10 tonnes depending on ground conditions and has a connecting hole in each corner to enable these mats to be connected together using cable ties or 2/4-way connectors.

Benefits:

- 100% recycled material
- Diamond pattern non-slip surface
- Lightweight for manual handling with 2 people
- Prevents environmental and property damage
- Prevents vehicles from becoming bogged
- Allows easier access in poor ground conditions
- Flexible to conform to ground contours
- Lower weight = lower transport & handling costs

Limitations:

- Not suitable for larger loads

Application:

Scope out the area/route you will be laying the mats on and remove any large obstacles such as protruding rocks, lay the mats next to each other over the area, if desired, connect the mats together using cable ties or connectors in the corner connecting holes.

Performance Data:

Dimensions	2.4m x 1.1m
Thickness	10mm
Basic Component	100% recycled LDPE.
Max Bearing Load (tons)	10
Connecting Holes	4
Hand Holds	4
Weight (Kg)	32
