HG Scan for HG 2520 E

EAN 4007841 007690
Article number 007690

steinel

CE

VDE

Function description

Full control of temperature when working on temperature-sensitive objects. The HG Scan PRO senses the temperature on the workpiece surface by infrared measurement. Ideal distance defined by laser. Acoustic and visual warning if temperature exceeds or falls below the optimum level. Temperature measurement range 0 – 300 °C, adjustable in 10?°C steps. Suitable for HG 2520 E hot air tool.
