

Lateral Restraint Products

These products allow masonry walls to be restrained back to other elements of the structure. This could be pre-existing walls, or new or pre-existing steel work. The ties, once in position, prevent sideways movement between a wall and another structure.

Product

V63 Clasp Tie

Clasp tie, fixed to the side of a stanchion and used to restrain brickwork.

Sizes: 150, 175, 200, 225, 250, 300mm
